SOCOMENIN PRESENTATION

We have the pleasure to introduce our company SOCOMENIN as Steel Equipment Manufacturing company founded in 1975 (Head office in Sfax -Tunisia).

SOCOMENIN plants and storage yards are located in Tunisia, North Africa, at SFAX ports on a total area of 90 000 m2.

SOCOMENIN products are manufactured in different types of steel such as: SMO, Super Duplex, Stainless, Nickel Alloys, Zecor, Duplex, ect... for Oil & Gas & Petrochemical, Renewable Energy, Water Treatment & Energy Projects.

SOCOMENIN manufacturing division can be involved as manufacturer under license or subcontracter for various Steel Equipment such as: Exhaust Gas Scrubbers, Skids Packages and Modules, Pressure Vessels, Storage Tanks, Steel Structures, Piperack and Structural Modules, Flares, Air Filtration Units, Heat Exchangers, Filters and other process Equipment as per your demand & design.

MANUFACTURING PLANTS

SOCOMENIN has developed its work plants capacities in order to satisfy customers requirement.

Total area	90 000 m²
Covered area	37 000 m²
Lifting capacity	120 T
Height under hook	13 m
Automatic welding machines up to	8m x 8m
Rolling capacity	60 mm
Production capacity	25 000 T/ Year
Blasting & Painting Capacity	300 000 m²/ Year

QUALITY CERTIFICATION/ INSPECTION

Our company is certified according to: ASME U, S, R Stamps, ISO 9001, OHSAS 18001, ISO 14001, ISO 3834 By IIW, CE Marking and EAC

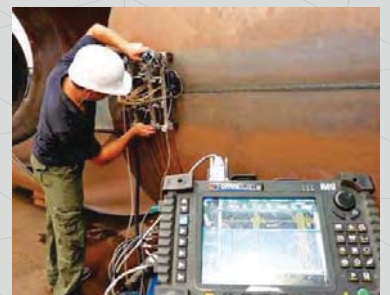

SOCOMENIN give a great importance to the quality of its products, therefore, the inspection is done along the different steps of manufacturing, from the reception of raw materials up to the finished product.

The inspection is ensured by highly qualified engineers and technicians.

Inspection techniques:

- The NDT methods performed by the NDT department are:
- TOFD (Time Of Flight Diffraction)
- UT (Ultrasonic Testing)
- MT (Magnetic Testing)
- PT (Liquid Penetrant Testing)
- RT (Radiographic Testing) Films Interpretations
- Laser Measurement
